## INDEPENDENT AUDITOR'S REVIEW REPORT

### TO THE SHAREHODERS OF NAJRAN CEMENT COMPANY (A SAUDI JOINT STOCK COMPANY)

#### Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Najran Cement Company, a Saudi Joint Stock Company ("the Company") and its Subsidiary (collectively referred to as "the Group") as at 30 June 2024 and the related interim condensed consolidated statements of profit or loss and comprehensive income for the three-month and six-month periods then ended and the related interim condensed consolidated statements of changes in equity and cash flows for the six-month period then ended and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34) that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

#### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed consolidated financial statements consists of making inquiries, primarily to persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Basis for Qualified Conclusion

1- As at 30 June 2024, the interim condensed consolidated financial statements include property, plant and equipment amounting to SR 2,017 million (31 December 2023: SR 2,030 million) and depreciation expense of property, plant, and equipment amounting to SR 43 million for the six-month period then ended (six-month period ended 30 June 2023: SR 37.7 million). The Group depreciates property, plant and equipment using the declining balance method. We were unable to obtain appropriate audit evidence to enable us to confirm the correct application of the depreciation method. Accordingly, we are unable to determine whether any adjustments are required to the interim condensed consolidated financial statements as at 31 December 2023 and for the period ended 30 June 2024.

2-As mentioned in Note 8, the inventories balance as at 30 June 2024, includes consumable spare parts with a gross carrying value of SR 120 million. However, there are long-aged (slow moving) items included therein which form part of these consumable spare parts. We were unable to obtain sufficient appropriate evidence to conclude whether management's assessment of the provision for slow moving items is reasonable and were unable to determine whether any adjustments to the interim condensed consolidated financial statements as at 31 December 2023 and for the period ended 30 June 2024 were necessary.

**Independent auditor's review report to the shareholders of Najran Cement Company (A Saudi Joint Stock Company), (Continued)****Qualified Conclusion**

Except for the adjustments to the interim condensed consolidated financial statement that we might have become aware of had it not been for the situation described above, based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34, that is endorsed in the Kingdom of Saudi Arabia.

**Other matter**

The consolidated financial statement of the Group for the year ended 31 December 2023 were audited by another auditor who expressed qualified opinion on those consolidated financial statements on 4 Dhu Al-Qi'dah 1445H (corresponding to 12 May 2024G). Further, the interim condensed consolidated financial statement of the group for the three-month and six-month periods ended 30 June 2023 were reviewed by the same another auditor who expressed unmodified conclusion on those interim condensed consolidated financial statement on 16 Muharram 1445H (corresponding to 03 August 2023G).

CFO  

Rami Jawad Abu Jneid

Board of Directors member and  
CEO

Abdulsalam Abdullah Aldraibi

Authorized Board Member and  
Chairman of the Audit Committee

Waleed Ahmed Bamarouf

The attached notes from 1 to 20 form an integral part of these interim condensed consolidated financial statements.

## 1 CORPORATE INFORMATION

Najran Cement Company (“the Company” or “the Parent Company”), a Saudi Joint Stock Company, registered at Najran on 5 Ramadan 1426 (corresponding to 9 October 2005) under Commercial Registration number 5950010479. On 10 Shaaban 1437 (corresponding to 17 May 2016), the Company was granted an Industrial License, number 2446. The Company’s shares are listed in the Capital Market Authority (CMA) in the Kingdom of Saudi Arabia.

The principal activities of the Company are manufacturing of ordinary portland cement and cement resistant to salts.

These interim condensed consolidated financial statements comprise the Company and its wholly owned subsidiary, Wasl Al Janub Land Transportation Company (One person company) (together referred to as the "Group").

The subsidiary Company is registered as a limited liability Company at Najran was established on 23 Dhul- Hijjah 1441 (corresponding to 8 August 2020) under Commercial Registration number 5950119264. On 02 Shaaban 1442 (corresponding to 15 March 2021), the subsidiary company was granted transportation License, number 11/00007925.

The principal activity of the subsidiary company is land transport of goods.

## 2 SIGNIFICANT ACCOUNTING POLICIES

### 2.1 Statement of compliance

The interim condensed consolidated financial statements for the period ended 30 June 2024 have been prepared in accordance with International Accounting Standard (34) “Interim Financial Reporting” as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by Saudi Organization for Chartered and Professional Accountants (“SOCPA”). The Group has prepared the interim condensed consolidated financial statements on the basis that it will continue to operate as a going concern. The management consider that there are no material uncertainties that may cast significant doubt over this assumption. They have formed a judgement that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2023. In addition, results of the interim period ended 30 June 2024 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2024.

### 2.2 Basis of measurement

These interim condensed consolidated financial statements are prepared under the historical cost convention using the accrual basis of accounting and going concern concept, except for the following items which are measured as follows:

| <i>Items</i>                         | <i>Measurement basis</i>                                                           |
|--------------------------------------|------------------------------------------------------------------------------------|
| Employee defined benefit liabilities | Present value of the defined benefit obligation using projected credit unit method |

### 2.3 Functional and presentation currency

These interim condensed consolidated financial statements are presented in Saudi Riyals (SR), which is also the Group’s functional and presentation currency.

### 2.4 Significant accounting judgements, estimates and assumptions

The preparation of the Group’s interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities.

## 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

### 2.4 Significant accounting judgements, estimates and assumptions(continued)

The significant judgments made by management in applying the Group's accounting policies and the methods of computation and the key sources of estimation are the same as those that applied to the consolidated financial statements for the year ended 31 December 2023.

## 3 BASIS OF CONSOLIDATION

These interim condensed consolidated financial statements include the financial information of the Parent Company and its wholly owned subsidiary, Wasl Al Janub Land Transportation Company (One person company) (together referred to as the "Group"), in which the Group exercises control as at 30 June 2024.

| <i>Subsidiary name</i>                                            | <i>Country of incorporation</i> | <i>Principal business activity</i> | <i>Effective ownership interest</i> |                         |
|-------------------------------------------------------------------|---------------------------------|------------------------------------|-------------------------------------|-------------------------|
|                                                                   |                                 |                                    | <i>30 June 2024</i>                 | <i>31 December 2023</i> |
| Wasl Al Janub Land Transportation Company<br>(One person company) | KSA                             | land transport of goods            | 100%                                | 100%                    |

The financial statements of the subsidiary are prepared for the same reporting period as that of the Group, using consistent accounting policies of the Group.

#### ***Transactions eliminated on consolidation***

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated.

Unrealized losses (if any) are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has control over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the period are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Control is achieved when the Group is exposed, or has rights, to variable returns from its transactions with the investee and has the ability to affect those returns through exercising its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its transactions with the investee.
- The ability to use its power over the investee to affect its returns.

#### **4 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP**

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2023, except for the adoption of new standards effective as of 1 January 2024. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Several amendments apply for the first time in 2024, but do not have an impact on the interim condensed consolidated financial statements of the Group.

##### **Amendments to IFRS 16: Lease Liability in a Sale and Leaseback**

In September 2022, the IASB issued amendments to IFRS 16 to specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

##### **Amendments to IAS 1: Classification of Liabilities as Current or Non-current**

In January 2020 and October 2022, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right.
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

In addition, a requirement has been introduced to require disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

##### **Supplier Finance Arrangements - Amendments to IAS 7 and IFRS 7**

In May 2023, the IASB issued amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The amendments will be effective for annual reporting periods beginning on or after 1 January 2024. Early adoption is permitted but will need to be disclosed.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

#### **5 STANDARDS ISSUED BUT NOT YET EFFECTIVE**

##### **Lack of exchangeability – Amendments to IAS 21**

In August 2023, the IASB issued amendment of IAS 21. The amendment specifies how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. When an entity estimates a spot exchange rate because a currency is not exchangeable into another currency, it discloses information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or expected to affect, the entity's financial performance, financial position and cash flows.

The amendments will be effective for annual reporting periods beginning on or after 1 January 2025. Early adoption is permitted but will need to be disclosed.

The amendment is not expected to have a material impact on the Group's interim condensed consolidated financial statements.

## 5 STANDARDS ISSUED BUT NOT YET EFFECTIVE (continued)

### Sale or Contribution of Assets between an Investor and its Associate or Joint Venture – Amendments to IFRS 10 and IAS 28

The amendments address the conflict between IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognised when a transfer to an associate or joint venture involves a business as defined in IFRS 3 Business combinations. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognised only to the extent of unrelated investors' interests in the associate or joint venture.

In December 2015, the IASB decided to defer the effective date of the amendments until such time as it has finalised any amendments that result from its research project on the equity method. Early application of the amendments is still permitted but will need to be disclosed.

## 6 SEGMENTAL REPORTING

The Group is engaged in one operating segment, i.e., manufacturing cement and operates in entirety from the Kingdom of Saudi Arabia and certain foreign jurisdictions. Accordingly, the financial information was not divided onto different geographic or business segments. Further, significant amount of liabilities of the Group are payable in Saudi Arabia.

## 7 PROPERTY, PLANT AND EQUIPMENT

For purpose of preparing the interim condensed consolidated statement of cash flows, movement in property, plant and equipment during the six-month period ended 30 June is as follows:

|                                            | <b>30 June<br/>2024<br/>(Unaudited)<br/>SR '000</b> | <b>30 June<br/>2023<br/>(Unaudited)<br/>SR '000</b> |

## 17 DIVIDENDS

On 11 March 2023G, (corresponding to 19 Shaaban 1444H), the Board of Directors recommended the distribution of dividends in the amount of 42.5 million Saudi riyals (SR 0.25 per share) after obtaining the approval of the shareholders in the General Assembly. On April 11, 2023G (corresponding to 20 Ramadan 1444H), the shareholders in the General Assembly meeting approved the recommendation of the Board of Directors. The dividends were paid on 4 May 2023G (corresponding to 14 Shawwal 1444H).

## 18 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

## 18 FAIR VALUE MEASUREMENT (continued)

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All financial instruments for which fair value is recognized or disclosed are categorized within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement, as follows:

- Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2: valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

If the inputs used to measure the fair value of an asset or liability falls into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest input level that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. There were no transfers among the levels during the period.

The management assessed that the fair value of financial assets and financial liabilities approximate their carrying amounts primarily due to the short-term maturities of these instrument.
